# GUIDE TO LIBRARY SERVICES

UNIVERSITÀ  
DEGLI STUDI  
DI MILANO

## DO YOU NEED A BOOK OR A JOURNAL ARTICLE?

In our catalogue, Minerva, you will find books, journals, articles and databases. You can search by title, author or keywords in the collections of University libraries and the Digital Library, where you will find selected resources for study and research.

### JOURNALS AND ARTICLES

In Minerva you will find both **journals** and **ebooks**. You can look up a journal or article, or browse ejournals in the Digital Library by subject.

### BOOKS

In Minerva you will find both **paper books** to borrow or consult at the library and **ebooks**, which you can access at the click of a button. You can borrow books from all of our libraries. If the book you need is in a library that is not close to you, you can pick it up and return it at the library nearest to you.

### Couldn't find what you were looking for?

Use the **interlibrary services** to request books, book chapters and articles from other Italian and international libraries; submit your request through Minerva or contact your library.

*Minerva services*

Log in using your University e-mail credentials:

- ▶ access the full text online and browse the Digital Library
- ▶ borrow and renew items, manage your account

Looking for exam books?  
You can find them in Minerva

## LOOKING FOR A PLACE TO STUDY, CONSULT A BOOK OR A JOURNAL?

In the reading rooms of the libraries you can study and consult books and journals, and have free access to the volumes on open shelves. Some libraries also offer **group study rooms**. If you have your own books to read, you still can use the study rooms on campus.

To access reading rooms, you have to **reserve your seat** in advance: just select your **chosen** day and time in the **app "lezioniUnimi"** or on the portal of the University Library Service. You do not need to reserve a seat if you go to the library to borrow or return items.

The **eduroam wi-fi network** is available in all of our libraries. You can log in using your University e-mail credentials.

## NEED ANY HELP?

Just ask the library staff. You can meet us directly at the library or get online support via our service **BiblioHELP**. To receive one-to-one search assistance, book an appointment at the library of your degree programme.

Sign up for **free training sessions** on **how to use the resources** of our libraries, including the Digital Library. Check dates and times on the portal of the University Library Service, where you will also find the recordings of our latest training sessions.

# DO YOU NEED TO MAKE PHOTOCOPIES OR PRINT OUT MATERIALS?

In all the libraries you can **photocopy books and journals** or **print out documents and notes**, within the limits of copyright law and in compliance with the terms and conditions of use of electronic resources.
